Eastern Region

David Cameron: Witney Demonstration

9th January 2011 Witney Town Centre,
Oxfordshire

The Coalition Government has launched an all class war on the people of the UK, using the deficit as a cover for dismantling the welfare state, privatising Royal Mail and Public Services in the UK.

Join the growing group of resistance to demonstrate against the savage cuts that face us all to stop an ideology of privatisation and cuts designed by a ConDem government made up of multimillionaires that will leave this country with years of poverty and decline, wrecking millions of people's lives. It is clear that the coalition wants us to pay for their future greed and the banker's debt by cutting 87 billion pounds from public services. Together we must stand to fight the aggressive cuts, stop the privatisation and the destruction, the bailing out of bankers at our expense, the axing of public sector workers jobs, stop the decimation of public services, stand against the young being forced to choose between giving up education or face massive debt, stop the cuts in housing, disability and tax credits, stop the ConDems forcing people off benefits, and close the tax avoidance loopholes to provide public services for all. **Together we must stop this Government creating an elite society.**

If we do not stand together to fight this government we face the decimation of all public services in favour of private profit for the very rich, the destruction of the welfare state, sending the British economy spiralling into further decline, with more job losses and cuts.

We can change the Governments plans but only by standing together as trade unions, local groups, workers, as families and individuals through a mass campaign and demonstration to stop this government. Already we have seen campaigns and demonstrations around the country against the cuts, people fighting and protesting against a destructive Coalition.

The Communication Workers Union, Eastern Region will be taking the voice of the unions and the public to David Cameron's constituency seat of Witney in Oxfordshire on the 9th January 2011. This is a chance to create a mass demonstration of all trade unions, trade councils, local bodies and members of the public to say to Cameron 'NO' we will not stand by and let you destroy us, we will fight and stop you and your government before it is too late. You have been allowed a free hand to destroy our services, our jobs and our lives and it will stop!

**JOIN US TO STOP THE TORY/LIB-
DEMS DESTROYING OUR LIVES**

**DEMONSTRATE IN
CAMERON'S SEAT**

Sunday 9th January 2011

Assemble 11.30

Church Green, Witney Oxfordshire

**Join the growing number already signed up
Get involved and fight for the survival of Royal
Mail, Public Services, Education, Jobs, and defend
our Services**

Tell Cameron 'NO'
